About Me

Interior designer and founder with 10+ years of experience delivering high-end residential and corporate environments. Known for a material-driven design approach, strong spatial clarity, and refined detailing.

Delivered over 100,000 + sq ft of projects, managing budgets up to ₹10 cr +, and leading teams of up to 10 members. Experienced in directing projects end-to-end, balancing design intent with technical execution, timelines, and stakeholder coordination.

Experience

- Founder and creative lead** 2017-Present
Bangalore, India
Founded and led an independent interior design studio delivering high-end turnkey residential and corporate projects. Led concept development, space planning, vendor coordination, budgeting, and execution for diverse clients. Recognized nationally with awards, including "Promising & Futuristic Interior Design Firm 2023." Known for hands-on leadership, aesthetic sensitivity, and end-to-end project ownership.
- Design Associate** 2015-2017
M Moser, Bangalore
Collaborated on large-scale corporate workspace design projects with a focus on workplace strategy and innovation. Contributed to design presentations, spatial layouts, client engagement, and execution coordination. Worked closely with multidisciplinary teams to deliver creative yet functional environments.
- Interior designer | Design Intern** 2013-2014
A leading interior design company in Bangalore
Handled design development for residential and commercial interiors. Involved in client briefings, 3D visualizations, mood board creation, and site supervision. Built strong experience in detailing, material selection, and adapting designs to client needs and budgets.
